

WHAT IS ADDERRAL?

Do you ever wonder why you can't concentrate? Don't worry, you're not alone. You're probably bored right now reading this. I never said it was easy. I challenge you to read to the end. Adderall has been the leading cause of addiction and abuse among college students. Yes, it does have short term positive effects for some, but have you ever considered the negatives. Are you bored yet? Don't worry...you can do this. Weight loss, anxiety, depression are just a few adverse effects. You're doing great..... together we must fight to help those suffering. I knew you could do it.....you were so focused. Do you really need adderall?
